The Season is almost over for Fly-Ins

It's September! With the Summer we've had, you better make sure you get out and attend some gatherings. Ed's Steak and Egg Breakfast was a big hit with the group again this year. Where have you gone? Bring your stories to one of the last 3 meetings for this season and share!

Fly-Ins: Come for the Food and Planes—and Singing?

Next Club Meeting – September 5, 2009

Club Meetings are normally held **the first Saturday of each month** at 6PM at The Comfort Café in Mantua. Any changes to this schedule will be posted here in the Flyer. Prospective members, guests and family members are **always welcome**.

Postage

The Season is almost over for Fly-Ins (Continued)

Don James and Al Nagy sent me some great pics of

the fly-in they attended. It was a little overcast, but that didn't affect the flight or the appetite. There were many in attendance and it appears all had a good time.

Find Those Deals Paul Csornok

I happened to go out to dinner with the family Saturday and stopped by the Harbor Freight store that is in the same plaza. Most of the time, you have to be careful of what you purchase from this kind of discount store, but if you know what you are purchasing, you can get some great buys. For Example...

- "Mr Funnel" - 8.75" height - 5.5" Diameter - 3.5 GPM Flow Rate... Aircraft Spruce Price = \$18.75 Harbor Freight = \$9.87
- Luber Block - used to lube you Throttle, Choke, Brake, etc cables... CPS Price = \$15.95 Harbor Freight = \$3.99
- Toggle Switch - 20A 12V w/LED and Switch Guard - Aircraft Spruce sell just the switch guard for \$10.80 Harbor Freight everything for \$5.99

I was like a kid in a candy store. I saved over \$25 on a what would have been a \$45 purchase.

Now while I am a firm believer in using aircraft quality material, when you can get the same items or something that does the same job for non-critical parts, it just makes sense to save the money

Hats Now Available with the Club Logo

We now have hats with the club's logo on them and are selling them for \$10. Stop by our meeting and see about getting yours.

ENGINE REPAIR COURSE for ROTAX 582:

We are scheduling another engine course for October 24th, 25th and 26th. This course will allow you to bring your own 582 in and do a 150 hr maintenance/ inspection or a 300 hr rebuild. If you do not want to bring your engine that is okay also, we will team you up with someone on another engine. We did this course back in 2006 and had a great turn out with 8 engines and 10 people. If you would like to see a few pictures of the last course you can go to this link. [http://www.lightspportrepair.com/150_hr_rotax_inspection .htm](http://www.lightspportrepair.com/150_hr_rotax_inspection.htm) Disregard the information on the page as we are in the process of updating for this new course. If you would like more info please contact us at the Plymouth number that you see below.
