## Member News & Reports

### Club Dues are Due!

Club Dues are still only \$10. Please make sure you get your money to Don Cruise.

### Hacker Caused me Headaches

The last couple of weeks have been Frustrating. I had a hacker take over my e-mail and sent out thousands of e-mails. My Internet provider shut my account down. I cleaned and scrubbed my computer several times, updated to the latest engine of my antivirus, Installed the latest version of anti-Malware. Still haven't gotten it off. I have been using another computer and am in the process of whipping the hard drive and reloading from a clean slate.

If anyone has tried to contact me in the last month, I did not get your e-mail. My apologizes.

With everything else going on, it will still be a couple of weeks before I get everything re-installed or I get another computer. This one is over 10 years old...

### No One has Gone Anywhere / Done Anything?

I have heard of no one flying anywhere, or building anything, so there is nothing to share...
