Don't miss out getting together with everyone and seeing some airplanes.

Grove City Visit

July 5, a flight of NCLF members headed east to Grove City, PA. It's just about a half hour into PA on I-76 and then a little south. For Light Sport Aircraft, it is just a short hop from Mayfield. Mike, Gary, Gary, Paul H. and Tom made the trek with the premise of Mike visiting family and giving a demo flight in Mike's newly built CH 750.

While there, they ran into Jim Nadig, a CFI for Airplanes and Gyroplanes. Jim was the person I took flight training with.

Along with the meet-n-greet and demo ride, the also squeezed in breakfast at Kings (think Denny's) right off of the airport. Then they flew back. Mike reports that it was a good trip with no surprises.

Ed's Steak and Egg Fly-in

It's been a couple of years since this wonderful breakfast took place. This is the premier fly in for our area as Ed pulls out all the stops.

This event is catered with made to order eggs and steak, along with potatoes, sausage, fruit, pastry, juice, coffee, pop. He has a bar, music, and plenty of help to insure everyone has a great time.

Our group had five aircraft on the field, out of a dozen or more aircraft that showed up. Plenty of people drove in as well, as the weather was a little foggy at first light.

This is always a great gathering, people are always friendly and you will be hard pressed to find a better way to spend a couple of hours around aircraft minded people.
