USUA Club 027 Newsletter – May 2008

www.liteflyers.org

Next Club Meeting—May 3, 2008 at The Comfort Cafe

Club Meetings are normally held the **first Saturday of each month** (April to November) at 6PM at The Comfort Café (formally Kicam's Family Restaurant) in Mantua. Any change to this schedule will be posted here in the Flyer. Prospective members, guests and family members are **always welcome**.

You Do Know We Are a USUA Club, Right?

You probably know that we are a USUA club, after all it's right under the newsletter name. But did you know what all the organization does? Have you been to the organizations web site? If not, surf on over to...

www.usua.org

and check out all that it has to offer. Keep connected to the sport through the different magazines they offer at discounted rates, as well as listening to audio programs, both live and recorded, at www.ultraflightradio.com. There are downloadable forms to help with selling your aircraft, flight instruction, vehicle registration. Well, check it out and see what is there.

Inside this issue:

Cost of Newsletter Goes Up—Can You Help?

The cost of publishing a newsletter is more than most people know. To have it produced at OfficeMax would be over \$166 a month, on sale, with postage for the 100 newsletters we use.

For the eight publications that are sent would cost the club \$1,328 a year. The problem is the club only receives \$1,000 in dues a year. Donating materials have made it possible to cut the costs, but it only goes so far and resources change.

Opening Meeting has Big Turnout

The first meeting of the North Coast Lite Flyers had a big turnout and really started to pack the restaurant. People were enjoying the evening's activities of food and friendship with a hearty appetite.

Mark Warner was on duty catching the digital action on his camera. If you don't attend the monthly meetings, you are missing out on a big part of the fun. Stop in some time and experience the "Hanger Flying" first hand.

Cost of Newsletter Goes Up—Can You Help? (Cont.)

We have been asking people with e-mail to please consider receiving the newsletter electronically. You will still get the same quality newsletter, and if you need to print out one or more copies, you can.

Send an e-mail to me if you can help the club out by taking the newsletter via e-mail. This will assist the club in making the budget balanced.

Paul Csornok
NCLF Newsletter Editor

News Bucket is Getting Dry

The Newsletter is only as good as the stories that the membership brings to the group. Adventures to flyin's, group sessions on a build, evaluations of a course attended, Anything... Send me you words and pictures so it can be shared in the newsletter.

Now that the weather is improving, gain some altitude and have an adventure. We want to hear about your \$100 hamburger, we really do.

There is a New EAA Chapter in Town!

EAA #1455 Midwest Prop Pullers

Meets at Warren Skeets airport(62D).
Next meeting: Saturday April 5th at 1:00 pm. (at Skeets).

Summer schedule: First Thursday of May, June, July, August, September at 6:00 PM at the "Cub House" (last hangar row at Skeets)

Our club is pretty laid back. Thursday meetings are either fly around and have fun or sit around and tellies consuming hotdogs and hamburgers or do both. We welcome new members who wish to participate in all levels of aviation and solid good time fun.

Regards, Al Nagy

Hanger Space Needed

Bought a Quick Sport, need a place to keep it dry. I live in Cleveland, would prefer a 25-mile radius. Elyria, Columbia, Portage, Freedom?
Thanx.
