

Doolittle Raiders Reunion at Grimes and Wright Paterson

The largest gathering of B-25's since the war was seen in Ohio over the weekend of April 16 and 17. They gathered at Grimes Field on Friday for a formation flight over to Wright Pattersons AFB in Dayton Ohio. The link below has some great pictures of the event.

Dues are Due!

The May meeting is our second of the year. Have you paid your yearly Dues? It's \$10 that helps support the Newsletter, Membership in USUA and the Annual Picnic. If you have not yet paid, Don Cruse has a new mailing address you can send you payment to or you can stop at the meeting, have something to eat and pay him there.

Rotax "B" drive gear puller at a reasonable price

If anyone has tried to do any work on their "B" gearbox and needed to pull off the small drive gear off of the PTO side of the engine, it requires a tool to do it safely. This tool is sold by different suppliers and costs about \$188 (276-808). I always thought this was over priced as it is a cylinder that threads into the inside of the gear and a screw that is threaded inside of that so it can be extracted without damage to the gear.

Finally, there is a reasonable alternative to the official Rotax part. LEAF has started selling another version of it and only charging \$75 (N5203). This is much more reasonable for clubs and individuals to purchase so that the rare times that someone needs to pull the drive gear off, it can be done safely.
