MoGas without Ethanol

If you fly an aircraft with regular car gas in the fuel tank, you know a little about ethanol in the fuel and what it can do to our ultralight engines. Finding gas without this additive can be tough. This should help...

<http://pure-gas.org/index.jsp?stateprov=OH>

This site will take you directly to the Ohio section of the site, but it has many more states listed.

Fly-Ins and Conventions

The end of July and the beginning of August is the time many aviators save their vacation for. EAA Airventure in Oshkosh, WI is the worlds largest gathering of general aviation aircraft and boasts being the busiest airport during convention.

The week after Airventure is PRA's National Convention at Mentone, IN. I have not missed this convention in three years now. This is one of the best places to see Gyroplanes at their best.

These are a great experience for anyone interested in the sport. For those who have never attended one of these events, you need to put it on your Bucket List! With the military pulling there flight display teams off of the circuit, the local air shows and gatherings are the next best thing.

From the top notch performances and major displays of Airventure, to the grass-roots, personal connection of Mentone, you will have a great time taking in the sites and sounds of aviation for the masses. Visit for a day or stay for the week. Both of these experiences have camping available or hotels close by.

The most important thing is to go... but bringing a camera comes in at a close second.

Ted Summer's Memorial

Ted Summer was a member of PRA and EAA and lost his fight with cancer. His wife Kay and family had a memorial on Sunday September 8, 2013 in which many of his flying buddies attended. After a heartfelt dedication to Ted's life, his ashes were released from a gyroplane above his property, as per his wishes. Afterwards, the grills were fired up and we enjoyed some great food and companionship. Clear Skies, Ted!

Event Listing for the Club

John has started e-mailing the club in regards to flying events. The e-mails come from "North Coast" with an address of nclflyers@yahoo.com. Please make sure to add this to your e-mail contacts so it doesn't hit your spam filter.

He also needs your help in supplying events to the list. Per his e-mail...

Remember, we depend on all of you send information to us. Thanks all who have sent information! We are trying to keep it simple.

Please send any additional information to:

NCLFlyers@yahoo.com

It would be very helpful if you could put it into the following format, so we can.

=====

Date start time-end time (Eastern time, military format)

Airport ID Airport name

Name of event

Comments

-

Any time you hear of a flying event, make sure to drop John a note.
