### 4 Restaurants Down... And Counting???

With the Super Hero movies taking over a large part of the American movie-goer's attention, I don't know if we should ourselves Hero's or Villains. One thing is for certain—we surely to have Super Powers...

As of the first of the year, T J Ambers closed their doors for business. This shouldn't come as too big of a surprise to anyone who attends our meetings and noticed that the restaurant area was never busy on a Saturday night.

For those who are keeping track...

1. Comfort Café
2. Ryan's
3. Big T's
4. T J Ambers

Our Vice-President—Don J. was on top of things and found us Beef O'Brady's in Brimfield. They have a separate room that is closed off from the rest of the restaurant. They are going to allow us to use it for our meeting dates and times for the year at no additional charge.

While I have not eaten at one, I have heard from others that the food is good. As with all Sport Bars, you can expect a variety of Burgers and Salads along with other signature dishes. Search for them on-line and you will be able to come across their menu with pricing so you can have an idea of what to expect.

See you there for our first meeting of 2014!

## Meeting Dates for the 2014 Season

With a New Flying Season just around the corner (I swear that nicer weather IS just around the corner...) here is a listing of the meeting dates.

June 14, 2014  
July 12, 2014  
August 9, 2014 (Picnic—To be Confirmed)  
September 13, 2014  
October 11, 2014  
November 8, 2014

These are the second Saturday of the month @ 6:00 pm.

### Jeff Skiles Presentation in Elyria

EAA put on a Grassroots presentation out at Lorain County Regional Airport on March 5 that Bob S. and I took in. It was hosted by EAA Chapters 846 & 1252. There was a large gathering on that cold Wednesday night that took full advantage of the hot coffee and food.

Jeff Skiles was the major presenter and talked on a number of topics from Sport Pilot, Sleep Apnea, the 2014 convention and Young Eagles. He also talked about the wet landing in the Hudson that some of you may have heard about.

All in all, it was worth the drive out there. Especially with the winter we have had, it was nice to get an aviation fix.
